If you have all, or any considerable number of these symptoms, you are suffering from that most common of American mainties—Billous Dyspepsia, or Torpit Liver, associated with Dyspepsia or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Br. Pierce's Gelden Medical Discovery will subdee it, if taken according to directions for a reasonable length of time. If not cared, complications multiply and Consumption of the Langa, Skin Disease, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, laduce a fatal termination.

Dr. Pierce's Gelden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleauses the system of all blood taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Eidneys, and other excretory organs, cleausing, strengthening, and healing their diseases. As an appetituity, restorative tonic, it promotes diseases and nutritien, thereby building up both flesh and strength. In malarial districts, this wenderful medicine has gained great celebrity in curing Fever and Ague, Chilis and Fever, Dumb Ague, and kindred diseases.

JAMES MEANS' \$4 SHOE CANNOT FAIL SATISFY FASTIDIOUS JAMES MEANS'84 SHOE

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' \$1 Shoe is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will try on a pair you will be convinced that we do not exagerate. Ours are the or's nal \$1 shoes, and those who imitate our system of business are thable to compete with us in quality of factory products. In our lives we are the largest manufacturers in the United States.

One of our fraveling salesmen who is now visiting the shoe retailers of the Pacific Coast and Rocky Mountain Region writes from there as follows:

"I am more than satisfied with the results of my trip. I have thus far succeeded in placing our full line in the hands of 'A No. I' dealers in every point I have visited." He goes on to say, "This is a releast on for it to sell shoes in, because most of the retailers are charging their customers at retail about double the prices which the shoes have cost at wholesale. The consequence is that the people who wear shoes are paying six or seven dollars a pair for shoes which are not worth as much as our JAMES MEANS' \$3 and \$4 is HOES. Our shoes with their very low retail prices stamped on the soles of every pair are breaking down the high prices which here not used in the retail markets here, and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great is the demand for them."

Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It assures you that if you keep on buying shoes bearing no manufacturers' name or fixed retail price stamped on the soles, our cannot tell what you are getting and your retailer is probably making you pay double what your shoes have cost him. Now, can you afford to do this while we are protecting you by stamping our name and the fixed retail price upon the soles of our shoes before they leave our factory so that you cannot be made to pay more for your sho
